

Econo Variable Capacity Tank

Made of 304 stainless with marble finish. Offers good value and a great alternative to plastic containers. Two styles to choose from, flat bottom without stand or round dish bottom with stand. Round dish bottom allows for 100% discharge and includes stainless steel tank stand at great value.

Features:

- Sanitary econo butterfly valve & fittings included
- 304L stainless steel with rolled rim
- Food grade inflatable vinyl gasket, lid, hand pump
- Bright mirror finished interior, marble finished exterior
- Round dish bottom tank model equipped with bottom drain and tank stand is included
